# Prepositions of Place: Drawing Exercise

CCSS.ELA-LITERACY.L.2.1.A, 3.1.B

## Directions:

Keep in mind that a preposition is like a little tour guide- it has the job of showing where a noun or pronoun hangs out in relation to other words in a sentence! Grab some markers or colored pencils and follow the directions to add some more details to the desert drawing below.

1. Draw a horse on the cliff top.
2. Draw a cowboy in front of the cliffs.
3. Draw a lizard between the left and middle cacti.
4. Draw a flock of birds next to the sun.
5. Draw a snake among the rocks.
