Pronouns in Poetry

Directions:

This whimsical poem uses subjects and pronouns. Find as many as you can and underline each pronoun.

The Busy Bee

She buzzes all day in the flower bed,
Collecting nectar, flying ahead.

They see her work and follow suit,
But she's the queen, none can dispute!

The other bees say, "We'll try our best,"
But she tells them, "You must work with zest!"

Together, they make honey sweet,
For you and me, a tasty treat.
