Directions:

This whimsical poem uses subjects and pronouns. Find as many as you can and underline each pronoun.

The Friendly Dragon

In a cave so dark and deep,
A dragon lay fast asleep.

He dreams of knights and far-off lands,
Where he and they would shake hands.

They'd laugh and fly across the skies,
He'd say, "I'm friendly, I tell no lies!"

When he wakes,
he looks around,
For friends like you,
he hasn't found.
