I Can Grow Kindness!

Directions: Kindness is like a garden- when we care for it, it grows! Just like a plant needs water, sunshine, and care, kindness needs kind words, helping hands, and friendly actions to grow strong.

Think about ways you can plant seeds of kindness in your life. Write at least three sentences about how you can grow kindness at home, at school, or in your community. Then, draw a picture of yourself helping kindness grow like a garden!

I CAN GROW KINDNESS BY...
