# 100TH DAY RIDDLES

**Directions:** The 100th Day of School is full of fun surprises, and riddles are a great way to celebrate! Riddles make us think, laugh, and use our imagination. Let's see if you can solve these 100th Day riddles. Read each riddle carefully, and write your answer on the line below each riddle.

1 I'm a number that's big and round, made of two zeros and a one up front. **What am I?**

2 You use me to write, but I'm not a pen. You might sharpen me before using me again. **What am I?**

3 You'll need me to stick pieces together. I'm not a pen, and I'm not paper. I'm often in a bottle or a stick. **What am I?**

4 I'm made of many tiny pieces, and when you put me together, I make a big picture. **What am I?**

5 I carry your books, pencils, and lunch every day. I sit on your shoulders and don't run away. **What am I?**

6 I'm sticky and clear, and I help fix things right. You might use me to hold paper tight. **What am I?**

7 I'm something round that rolls on the ground. You might see me on the playground, bouncing all around. **What am I?**

8 I'm a special day that comes once a year, a milestone we celebrate with cheer. We count, we laugh, and we have some fun because we've reached the number 100—well done! **What am I?**
