Directions: Imagine you suddenly found \$100! That's a lot of money! Think about how you would spend it. Once you've thought long and hard, write a short story about how you would use the \$100. Be sure to include details and explain your choices.

Prompt: *If I had \$100, I would...*

Example: *If I had \$100, I would buy a new bicycle. I've always wanted one, and this would help me ride to the park faster. I would also buy a helmet to stay safe. After buying my bike, I would use the rest of the money to give my family a fun day at the zoo. I would buy tickets, and we could see all the animals together. It would be the best day ever!*
